### PROTEINS

|                           |                              |                              |                                                                                              |
|---------------------------|------------------------------|------------------------------|----------------------------------------------------------------------------------------------|
| ● ●<br>Pea Protein 85%    | ● ●<br>Mung Bean Protein 80% | ●<br>Pumpkin Protein 80%     | ●<br>Textured Pea Protein<br>75-80%<br>in crisps, granules, strips, cylinders,<br>and chunks |
| ● ●<br>Pea Protein 80%    | ● ●<br>Fava Bean Protein 90% | ●<br>Potato Protein 80-90%   |                                                                                              |
| ● ●<br>Rice Protein 80%   | ●<br>Chickpea Protein 80%    | ● ●<br>Sunflower Protein 60% | ●<br>Mycoprotein                                                                             |
| ● ●<br>Vital Wheat Gluten |                              |                              |                                                                                              |

### FIBERS

|                   |                                                           |                                                                                      |                                                                    |
|-------------------|-----------------------------------------------------------|--------------------------------------------------------------------------------------|--------------------------------------------------------------------|
| ●<br>Pea Fiber    | ●<br>Acacia Fiber                                         | ● ●<br>Soluble Tapioca Fiber<br>(resistant dextrin)<br>available in syrup and powder | ● ●<br>Tapioca Fiber                                               |
| ●<br>Potato Fiber | ●<br>Chicory Root Inulin<br>available in syrup and powder | ● ●<br>Agave Inulin<br>available in syrup and powder                                 | ● ●<br>Jerusalem Artichoke Inulin<br>available in syrup and powder |

### SWEETENERS & SYRUPS

|                                         |                                     |                                              |                                       |
|-----------------------------------------|-------------------------------------|----------------------------------------------|---------------------------------------|
| ● ●<br>Tapioca Syrup<br>also in powder  | ● ●<br>Rice Syrup<br>also in powder | ●<br>Beet Syrup<br>also known as Beet Sweet™ | ● ●<br>Wheat Syrup<br>gluten free     |
| ● ●<br>Corn Syrup<br>also in powder     | ● ●<br>Agave Syrup                  | ● ●<br>IMO Syrup<br>also in powder           | ●<br>Allulose Syrup<br>also in powder |
| ● ●<br>Tapioca Maltodextrin             | ● ●<br>Rice Maltodextrin            | ●<br>Sorbitol Syrup<br>also in powder        | ●<br>Corn Dextrose                    |
| ● ●<br>Tapioca Dextrose                 | ● ●<br>Corn Maltodextrin            | ●<br>Wheat Dextrose                          | ●<br>Isomalt Syrup<br>also in powder  |
| ● ●<br>Maltitol Syrup<br>also in powder | ● ●<br>Erythritol                   |                                              |                                       |

ALL OUR INGREDIENTS ARE PLANT-BASED  
AND AVAILABLE AS NON-GMO OR ORGANIC.

## STARCHES [ MODIFIED STARCHES ALSO AVAILABLE ]

Tapioca Starch

Pea Starch

Mung Bean Starch

Chickpea Starch

Potato Starch

Rice Starch

Fava Bean Starch

Wheat Starch  
gluten free

Corn Starch

## FLOURS

Cassava Flour

Chickpea Flour

Mung Bean Flour

Fava Bean Flour

Yellow Lentil Flour

## OILS

Coconut Oil

Hazelnut Oil

Moringa Oil

MCT Oil

Flaxseed Oil

Macadamia Oil

Perilla Oil

## GUMS

Xanthan Gum

Guar Gum

Acacia Gum

Locust Bean Gum

## SEEDS & OTHER

Chia Seeds

Quinoa Seeds

Flax Seeds

Aquafaba

Arrowroot

Potato Granules

Sunflower Lecithin

Potato Flakes

Citric Acid
